

TRAINEESHIPS

GETTING READY FOR WORK

Are you 16 to 18?

Unsure what to do next and if a job or education is right for you?

A traineeship will give you a taste of both work and education in a non-school environment that will help you decide.

What is a traineeship?

Traineeships are all about choice. With Armstrong Works you can build your own programme of study and choose from work experience placements from all sectors to help you decide your future.

Trainee benefits

- Real world experience of the work place.
- Dedicated support from a Mentor to help you realise your potential.
- Gain accredited recognised qualifications.
- Training allowance paid on completion of work experience placement.
- Travel expense support for all planned activity and attendance (subject to eligibility).

What will I do?

- **A work experience placement** - a high quality experience relevant to your interests.
- **Build your own programme of study** - access learning materials from which you can build your own training package, supported by a dedicated Mentor in one-to-one and group settings.
- **Study an accredited qualification** – gain a Level 1 or level 2 BTEC qualification.
- **Improve your English and Maths** - Tutor-led support to prepare you for the workplace or further education.
- **Help with job or college applications** - expert information, advice and guidance from employment professionals to give you a head start, stand out from the crowd and get it right first time.
- **Apprenticeship Fast Track** - our Mentors and Employer Engagement team will identify when you are ready to be fast tracked into an apprenticeship and start earning.
